

Advanced Math

Chapter 7 Homework Log

This sheet will be collected on test days each chapter in order to earn points for homework for the chapter. DO NOT LOSE THIS SHEET and DO NOT THROW AWAY HOMEWORK ASSIGNMENTS!

Learning Targets	Rate Yourself	Checked In?
<p>7.1 – Basic Trig Identities I can:</p> <ul style="list-style-type: none"> Identify and use the reciprocal identities, quotient identities, Pythagorean identities, symmetry identities, and opposite-angle identities. 	<p>Rate your understanding of content in this lesson.</p> <p>Low High</p> <p>1 2 3 4 5</p>	
<p>7.2 – Proving Trig Identities I can:</p> <ul style="list-style-type: none"> Use the basic trig identities to verify other identities. Find numerical values of trig functions. 	<p>Rate your understanding of content in this lesson.</p> <p>Low High</p> <p>1 2 3 4 5</p>	
<p>7.3 – Sum and Difference Identities I can:</p> <ul style="list-style-type: none"> Use the sum and difference identities for the sine, cosine, and tangent functions. 	<p>Rate your understanding of content in this lesson.</p> <p>Low High</p> <p>1 2 3 4 5</p>	
<p>7.4 – Double-Angle Identities I can:</p> <ul style="list-style-type: none"> Use the double-angle identities for the sine and cosine functions. 	<p>Rate your understanding of content in this lesson.</p> <p>Low High</p> <p>1 2 3 4 5</p>	
<p>7.5 – Solving Trig Equations I can:</p> <ul style="list-style-type: none"> Solve trigonometric equations and inequalities. 	<p>Rate your understanding of content in this lesson.</p> <p>Low High</p> <p>1 2 3 4 5</p>
